

Event Spotlight: Anthony Lo Cicero to Present Celesq® AttorneysEd Center Webinar on Trademark Counterfeiting in the 2020s

Celesq West LegalEdCenter

On October 14, Managing Partner [Anthony Lo Cicero](#) will present a virtual webinar for Celesq West LegalEdCenter on [Trademark Counterfeiting in the 2020's](#).

The webinar will explore how the old tactics of anticounterfeiting enforcement against street vendors and flea market operators have largely been replaced with online takedown notices, mass litigations against unnamed defendants and border enforcement. On the flip side, the “counterfeiting” label is being applied to activities different from what we have seen in the past, as reflected in the Second Circuit’s decision in *Tiffany & Co. v. Costco Wholesale Corp.* and elsewhere.

Tony will discuss these developments and their likely impact for the future.
