

Practice Areas

Patent Prosecution, PTAB and Ex Parte Appeals

Our experienced patent prosecutors routinely represent clients in seeking and obtaining patent protection from the U.S. Patent and Trademark Office (PTO) and abroad through international filings.

Our firm has over twenty attorneys who are registered to practice before the U.S. Patent and Trademark Office and over ninety percent of our attorneys have technical degrees. The firm regularly tracks, develops strategies and reports to clients on important changes in practice before the PTO and developments in the law that impact patent prosecution.

Industries Served
